

Guidelines

Trained dogs, under the supervision of certified handlers, may be used to sniff any area on the campus, including but not limited to classrooms, locker rooms, indoor and outdoor common areas, and parking lots. Dogs may search and sniff vehicles, lockers, desks as well as personal property such as back packs, gym bags, and purses found stored there or items found in any classroom or common area of the building. They may NOT search and sniff students. A principal or assistant principal shall accompany the dog and its handler during any visit to the campus and must be present during any search of the building, grounds, or parking area.
