SCHOOLS FOR ENROLLMENT GROWTH

Clear Creek ISD's student enrollment is nearly 42,000 and projections have the district adding an additional 2,100 students by 2021. CCISD is at 91.4% capacity for schools.

Elementary School #27 (2018) \$43,009,402
 A new elementary school for 1,000 students will be built on donated property along Highway 96 in League City.

Stewart Elementary (2018)..... \$18,952,357
 An 18 classroom addition will be added to the school and portables removed. Additional parking, library renovations, and a new intercom system are included.

Clear Lake Intermediate (2020)..... \$9,833,727
 A 10 classroom addition will be added to the school and portables removed.

Creekside Intermediate (2019)..... \$8,047,947
 A 7 classroom addition will be added to the school.

AGING SCHOOLS AND REPAIRS

Nearly 30% of the schools in Clear Creek ISD are more than 40 years old. Under this bond proposal, two schools that are over 50 years old will be rebuilt to meet today's learning standards and six will receive major renovations.

Clear View High School (2019)..... \$45,162,961
 The original school was built in 1939. A new high school will be built behind the existing school to serve the unique program of Clear View High School as well as workforce readiness programs open to all CCISD high school students.

League City Elementary (2020) \$46,938,285
 The original school was built in 1960. A new elementary school will be built behind the existing school and will be constructed for a capacity of 900 students.

Major renovations will be conducted at the following 40-50 year old facilities. Improvements include foundation/exterior repairs, increasing classroom and group learning spaces, updating libraries, re-utilizing existing administration areas for instruction or to enhance security, upgrading technology and adding a STEM lab to Ed White.

Whitcomb Elementary (2022) \$28,598,565

Ross Elementary (2022)..... \$20,747,320

Ed White E-STEM Elementary (2019)..... \$16,443,354

Clear Lake City Elementary (2019) \$16,015,594

Hall Elementary (2021)..... \$20,674,344

Landolt Elementary (2021) \$18,812,319

Armand Bayou Elementary (2018) \$4,962,851

Main Transportation Center Renovation (2019)..... \$24,711,488

Other District-wide Priority Items..... \$66,235,122

Priority repairs will be conducted at 40 CCISD schools and support facilities. Repairs and equipment replacements were prioritized based on the following criteria: update to current-day construction codes, safety reasons or critical replacements with life expectancy of 1-2 years.

SAFETY IMPROVEMENTS

The bond proposal will address playground safety, upgrade campus security systems, and replace school buses that are between 15-25 years old and have more than 200,000 miles.

Playground Replacement Fund.....	\$1,500,000
75 School Buses.....	\$7,900,000
Security, Surveillance, Access Control and Intrusion Detection Equipment	\$8,110,333

STUDENT PROGRAMS

Second CCISD Science Magnet Program..... \$10,273,515
 In 2018, Brookside Intermediate will be expanded with both classrooms and science labs in order for the district to open a second science magnet program. Annually, 200 students are turned away from the Seabrook Science Magnet due to limited space. The project includes a fine arts addition.

Clear Creek High School (2019)..... \$13,722,229
 The auditorium will receive a new sound booth, ticket booth, lighting, and a set shop expansion.

Clear Creek Intermediate (2019)..... \$6,537,081
 A new ground floor band hall will be added and existing fine arts and athletic spaces will be renovated.

League City Intermediate (2018)..... \$5,886,556
 A fine arts addition and renovation of the existing band hall.

Space Center Intermediate (2018)..... \$3,199,013
 A new rehearsal room will be added and renovations of the existing choir/orchestra area.

District-wide Athletic and Fine Arts Equipment Replacements..... \$4,000,000

TECHNOLOGY

Network infrastructure, servers, and support equipment.....	\$17,305,000
Replace or purchase and install ceiling projectors in majority of classrooms	\$4,300,000
New telephone system district-wide.....	\$2,855,000
Funds for staff computer replacement program.....	\$4,000,000
Student computer labs	\$3,350,000
