

## NEW Naviance Log in Directions for Parents and Alumni

In order to provide additional account security, Naviance launched new features and requirements in January 2020. As part of these changes, parents and alumni will need to reset passwords for Naviance accounts. New password requirements include:

- Passwords must be at least 10 characters in length
- The username may not be part of the password
- Passwords may not include more than 2 identical characters in a row
- Commonly used passwords (example: Passw0rd!), simple patterns (example: qwertyuiop), and common names (example: basketball) will not be accepted

1. To reset passwords, parents and alumni will still go to their student's campus Naviance account.
